▶ Find documents quickly and easily.

▶ Trace documents all the way through the system.

Locate Documents Easily

It may be confusing to look up an order number in Dynamics NAV since it may be an order, an invoice, a shipment, or a receipt.

With Document Find, you can instantly find all places a document exists in the system. Simply type in the customer PO number (external document no.), your PO / SO number, or the transfer order number, and the addon will show you everywhere that number exists, with easy navigation to the actual documents. Never get frustrated trying to finding a document again!
